EDUCATION & TRAINING

Bachelors of Engineering, Computer Science and Engineering

Keshav Memorial Engineering College, Osmania University [04/11/2022 - 17/06/2026]

City: Hyderabad | **Country:** India

Final grade: 8.41 / 10 | **Level in EQF:** 6

Higher Secondary Education, Mathematics, Physics, Chemistry

Narayana Junior College [05/08/2020 - 28/06/2022]

City: Hyderabad | **Country:** India

Final grade: 96.9 % | **Level in EQF:** 5

Secondary School Certificate

St. Marks Boys Town High School [22/06/2020]

City: Hyderabad | **Country:** India

Final grade: 10 / 10 | **Level in EQF:** 4

WORK EXPERIENCE

Teleparadigm Networks LTD - India, Hyderabad

Software Developer

[01/09/2025 - 30/11/2025]

Developed a secure, decentralized file-sharing platform with role-based access controls to protect sensitive user data from unauthorized access. Implemented distributed storage methods and dynamic permission controls across network nodes, maintaining high data privacy while removing single points of failure.

Women Safety Wing, Telangana Police - India, Hyderabad

Cybersecurity Intern

[01/12/2024 - 01/01/2025]

Assisted law enforcement officers in active cybercrime investigations by analysing digital evidence and performing digital forensic evaluations. Conducted research on open-source intelligence (OSINT) tools and methodologies, leveraging intelligence gathering and digital traces to trace threat actors, identify suspects, and support formal investigative documentation.

PUBLICATIONS

[2026]

An Intelligent Decentralized Secure File Sharing System with Privacy-Preserving Access Control

Presented at the 2nd IEEE International Conference on Smart Systems for Electrical, Electronics, Communication and Computer Engineering; designed a decentralized file-sharing architecture integrating Blockchain, IPFS, Shamir's Secret Sharing, and an Isolation Forest anomaly detection model.

Journal Name: ICSSEECC -2026 | **Publisher:** IEEE Xplore

Link: https://ieeexplore.ieee.org/document/11722208

[2025]

A Web-Based Automation Framework for Instagram Profile Forensics

Developed an automated, non-invasive digital forensic tool using FastAPI and Flutter to streamline evidence acquisition for investigations. Integrated Playwright engineered automated SHA-256 evidence hashing with timestamp validation and built dynamic PDF generation with ReportLab to produce court-admissible, tamper-evident forensic reports.

Journal Name: ICCIC - 2025 | **Volume, Issue and Pages:** Volume 14, Issue 12, P953 - 960 | **Publisher:** International Journal of Recent Development in Engineering and Technology

Link: https://www.ijrdet.com/files/Volume14Issue12/IJRDET_1225_148.pdf

[2026]

Quantifying the Security-Utility-Latency Frontier: An Empirical Benchmark of Small and Medium Language Models Under Adversarial Injection

(Accepted: To appear in IEEE Xplore)

Evaluated five open-weight language models (Llama-3.2, Qwen-2.5) across 2,500 test queries against direct jailbreaks, indirect prompt injection, and obfuscation attacks on an isolated testbed; characterized the multi-objective Pareto frontier across attack robustness, over-refusal rates, and tail latency.

Journal Name: ISDDC - 2026 | **Publisher:** IEEE Xplore

PROJECTS

[08/10/2025 - 25/06/2026]

SecureShare | Decentralized Secure File Sharing and Communication Platform

Developed a decentralized, tamper-evident messaging platform using blockchain anchoring and IPFS storage, backed by a modular FastAPI backend and a hardened Flutter client. Engineered real-time WebSocket communication enforced by JWT authentication, strict RBAC, and admin audit visibility, while integrating ephemeral file-sharing controls with anti-screenshot and screen-recording protections to eliminate data leakage and centralized points of compromise.

Link: https://github.com/abhishek-mathpati/SecureShare

[10/09/2025 - 25/02/2026]

Question Paper Automation Tool (QPAT) | Automated Academic Assessment System

Engineered a blueprint-driven automated question paper generation platform using a FastAPI backend and Flutter frontend, strictly aligned with academic regulations. Integrated NLP-powered semantic analysis, Bloom's Taxonomy classification, Course Outcome mapping, and automated syntax validation, while generating password-protected PDFs alongside BT-level summary analytics for secure, quality-controlled distribution.

Link: https://github.com/abhishek-mathpati/Question-Paper-Automation-Tool

[11/02/2025 - 15/08/2025]

Social Media Investigative Assistant (SMIA) | Digital Forensic Documentation Tool

Designed a Flutter-based forensic investigation mobile application enabling structured, case-oriented social media analysis for authorized law enforcement. Engineered timestamp-validated screenshot evidence capture with automated PDF report generation, backed by secure local storage and cloud-synced metadata under a compliance-first, zero-unauthorized-scraping architecture designed for modular multi-platform extensibility.

Link: https://github.com/abhishek-mathpati/social-media-investigative-assistant-for-law-enforcement

[10/02/2024 - 20/05/2024]

College Website Designed a responsive, high-performance college web portal using HTML, CSS, and JavaScript, focusing on optimized load speeds, cross-platform accessibility, and intuitive navigation. Outperformed 30+ competing teams to secure 1st place in a national-level hackathon by delivering a scalable, user-centric solution within an accelerated development timeline.

[05/10/2023 - 15/02/2024]

Park Hub: Parking Management System Developed a smart urban parking mobile application using Flutter and Firebase to optimize space allocation and streamline driver navigation. Integrated interactive mapping with real-time spot availability, dynamic pricing models, and secure payment processing, significantly reducing parking search times and enhancing end-to-end user transit efficiency.

SKILLS

Cybersecurity & Forensics

Vulnerability Assessment | Network Scanning & Analysis | Mobile & Digital Forensics

Security & Forensic Tools

Burp Suite | Wireshark | Nmap/Zenmap | Metasploit | Kali Linux | Recon-ng | Maltego

Programming Languages:

Python | C | C++ | Java | JavaScript | Go | Rust | Dart | SQL | CSS | HTML | Bash & Shell Scripting

Backend & Web Technologies

FastAPI | WebSockets | JWT Authentication | Role-Based Access Control (RBAC)

Mobile & App Development

Flutter | Firebase

Distributed Systems

Blockchain | InterPlanetary File System (IPFS) | Peer-to-Peer Protocols

AI & Applied Data

Natural Language Processing | Semantic Similarity | Text Classification | Scikit-learn/Spacy

Tools

Docker | Git/GitHub | Linux (Parrot, Kali, Fedora, Ubuntu) | Android Studio | VS Code | Jupyter Notebook | LaTex

Soft Skills

Team Leadership | Problem Solving | communication | Project Management | Technical Writing & Presentation

HONOURS AND AWARDS

[17/06/2023] Aurora Technical and Research Institute

1st Place Winner - National Level Coding Contest Demonstrated exceptional problem-solving skills by achieving a 95% accuracy rate in solving complex coding challenges, outperforming 200 participants.

[04/05/2024] Keshav Memorial Engineering College

Winner - TECHTONIC '24 Hackathon Led a team to design and implement a cutting-edge solution that enhanced website performance, winning 1st place among 30 teams.

CERTIFICATIONS

[National Law University Odisha, 28/08/2026]

Cyber Crime and Cyber Forensics Course Scored - 90%

[XploitForge, 15/07/2025]

Ethical Hacking Awareness Workshop

[CSI, 20/03/2025]

Machine and Deep Learning Techniques Webinar

[IITH, 26/01/2025]

Cybersecurity with Ethical Hacking Workshop

[Tata Group & Forage, 20/12/2024]

Cybersecurity Analyst Job Simulation (IAM)

[NPTEL, India, 30/10/2024]

Ethical Hacking Course Scored - 71%

[KMEC, 09/02/2024]

Project School Certification

[National Cadet Corps, India, 07/06/2019]

National Cadet Corps - A Certificate

VOLUNTEERING

[15/06/2023 - 25/06/2026] Hyderabad

Social Media Team Head – Computer Society of India (CSI) KMEC Spearheaded digital outreach and content strategy, driving student engagement and promoting technical events and workshops across digital platforms.

[09/11/2022 - 15/02/2026] Hyderabad

Event Organizer for College College Technical & Cultural Events - Managed and coordinated various college events, ensuring smooth execution and participation.

[23/12/2022 - 10/05/2026] Hyderabad

National Service Scheme (NSS) Participated in community service initiatives focused on social awareness, environmental sustainability, and community development.

[10/08/2017 - 17/02/2019] Hyderabad

National Cadet Corps Candidate Developed discipline, leadership, and teamwork through National Cadet Corps training.
